This is followed by a visit to Concordia, a bustling suburb of Marigot, where you enter the home of Francis Eck, French professional artist, modern figuration school. He is well traveled through

prestigious international exhibitions: Paris, London, Tokyo, Geneva and recently, Art International New York 98. His work has the advantage of an official quotation, and inspires many writings from international critics.

Your tour then proceeds to Dutch St. Peters where you will enter the home of Ruby Bute, a proud daughter of the soil. Painting has always been her life and joy. In her watercolors, oils, acrylics and pastels, one can enjoy St. Martin's culture and the natural beauty of her island and it's people.

The final stop will be at "Maximilian's Art in the garden Gallery," located in Midtown Philipsburg, Dutch Sint Maarten. This gallery in a garden setting is a unique feature on the island whereby original paintings (and prints) by artist Maximilian are being displayed amongst plants and flowers. From Realism to Abstract, you will find original works in oil, pastel and/or acrylic. Considered as one of the most successful artists on Dutch St. Martin, with numerous exhibitions locally as well as in Washington DC, New York and Cuba, his work has been the target of international collectors as well as of local patrons. This is an opportunity you don't want to miss!

This 3 to 3 ½ hour tour offers a fascinating insight into the world of some of the Caribbean's most brilliant artistic minds. Tour participants, if they wish, can acquire a work of art. You will then board the dive boat where the divemasters and instructors will give you a detailed dive briefing before heading out to the dive sites. Taking a maximum of 6 guests each, the divemasters will then lead you on two dives with a surface interval between each dive.

The dive site will be chosen prior to your dive based on prevailing weather conditions and mooring availability. All of the sites vary between 50 – 75 ft in depth and are suitable for all levels of experience. When possible a combination of 1 reef, 1 wreck dive will be chosen with safety being the priority. In St. Maarten there is the opportunity to view a wide array of tropical life including sharks, stingrays, turtles, eagle rays, school of barracuda, horse eyed jacks and the occasional inquisitive dolphin passing by.

Note: This is limited to certified divers who have been on a dive within the last two years. Certified divers must present a valid certification "C" card in order to participate. Minimum age of 12 years.
